SERVICE CLASSIFICATION NO. 5 (CONT'D)

SPECIAL PROVISIONS:

- A. The Village will furnish, install, own, operate, and maintain an enclosed, photo-electrically controlled luminaire complete with at least thirty (30) inch pipe bracket, ballast and from one hundred (100) watt to one thousand (1000) watt multiple lamp.
- B. The lighting unit will be installed only on private property owned or leased by the customer. The customer will furnish the necessary pole or other support, except as hereinafter provided, and the necessary wiring to connect the unit on the line side of the customer's meter. The Village reserves the right to require a mounting height which will provide proper light distribution from the unit. Where a Village-owned pole is appropriately located on premises owned or leased by the customer, the Village may waive the requirement that the support be furnished by the customer, and it may install the unit on the Village-owned pole.
- C. Upon request of the customer, the Village will change the location of the lighting unit, providing a proper support is furnished and the customer agrees to pay the Village for the cost incurred in making such change.
- D. Lighting service will be provided every night and all night during the hours between thirty (30) minutes after sunset and thirty (30) minutes before sunrise, aggregating about four thousand (4,000) hours per year, unless prevented by accidents or other causes beyond the control of the Village.
- E. The customer shall notify the Village whenever the lamp shall become extinguished or out of service for any reason and the Village shall replace the lamp and/or make the necessary repairs with reasonable promptness.
