SERVICE CLASSIFICATION NO. 601.1 et 601.2

RESIDENTIAL CUSTOMER - A customer of the Village with a service amperage range of 100, 200, or 400 AMPS. 120/240 volt single phase power. Services more than 400 AMPS (Ex. Appt. house, condo's etc.) will be supplied either single phase or three phase power whichever the Village determines. The municipal does not supply the customer with meter modules of any type.

SERVICE CLASSIFICATION NO. 602.1 & 602.2

COMMERCIAL CUSTOMER - A customer of the municipal who receives secondary voltages of the common type Ex. 120/240, 120/208, 277/480 three phase. Other voltages not specified shall be supplied at the customers expense.

SERVICE CLASSIFICATION NO. 603.1 & 603.2

INDUSTRIAL CUSTOMER - A customer of the municipal who receives voltages of the primary type, to the property line of the customer, not to exceed two hundred (200) feet from existing municipal power lines, at which point metering will take place. The municipal will supply the "meter only". Any current or potential transformers or any other related metering equipment shall be supplied by the customer. Any voltage step-up or step-down transformers to be used are also the responsibility of the customer.
