SERVICE CLASSIFICATION NO. 1

(CONTINUED)

SPECIAL PROVISIONS:

- E. Lamp replacements and repairs will be made only during regular working hours, Monday through Friday. If a lamp is out for more than three business days (Monday through Friday) after notice of such outage has been given to Company by customer, a prorata adjustment of the Lamp and Luminaire Charge shall be allowed.
- F. In the event of changes or revisions of this Service Classification, customer shall take and pay for service in accordance with the provisions of the revised or superseding service classification. Charges to customer shall be prorated between the superseding and the superseded rate on the basis of a 30 day billing period, with the superseding charges applying to the days of service taken on and after the effective date of such change.
- G. In the event that appropriate overhead distribution circuits cease to be available due to conversion by Company to underground distribution, service hereunder may be terminated by Company upon thirty days prior written notice to customer.
- H. Company shall have the right to discontinue service and to remove any Company owned equipment which, in the opinion of Company, shall have become unsatisfactory for further service by reason of deterioration, civil commotion, vandalism, state of war, explosion, fire, storm, flood, lighting, or any other cause reasonably beyond Company's control. The customer may be required to pay the applicable charges remaining under the initial term of the contract.
- I. The Company shall not be obligated to relocate any of its existing facilities to provide service under this Service Classification. The Company will relocate its facilities provided the customer pay the Company the actual costs incurred by Company. The costs shall consist of labor, material and other applicable charges, including a reasonable allowance for engineering superintendence, purchasing and the use of construction equipment.
