STREET LIGHTING SERVICE  
CUSTOMER OWNED-COMPANY MAINTAINED  
(Continued)

## SPECIAL PROVISIONS:

- A. Customer shall inquire as to the characteristics of the service to be supplied prior to the purchase of electrical equipment. Customer street lighting equipment will meet Company specifications and approval.
- B. Any service(s) provided by Company not identified under "RATE" will be charged to the customer separately from the monthly service bill. Such charges will include all labor, transportation, material and applicable overheads.
- C. Where street lighting system is wholly owned by Customer, the Customer is responsible for furnishing and installing all street lighting equipment. Installation of street lighting equipment may be performed by Company upon prior arrangement at Customer's expense. All Customer owned equipment must be installed prior to connection to Company's service circuits. Connection to the Company's system shall be made only by Company's personnel or its designee. Customer's attachments and connections shall be in accordance with the requirements and specifications of the National Electric Safety Code, Company specifications, and specifications of other joint users and prior licensees. Customer shall furnish a map of its street lighting system for Company approval which indicates the location, type of lamp (i.e., high pressure sodium), the nominal wattage rating of the lamp and the location and type of underground construction in triplicate with its application for service. Customer will be required to identify poles by an identification system mutually agreed to by Customer and Company and so depicted on Company approved map.
- D. Any maintenance beyond the standard maintenance defined under "Character of Service" should be performed by Customer; however, upon prior arrangement, the Company will perform such maintenance at Customer's expense. Additionally, systems subject to extraordinary maintenance or replacement requirements, or unusually high incidents of physical damage will require the Customer to reimburse the Company for the additional maintenance incurred.
