SERVICE CLASSIFICATION NO. 13 (Cont'd)

LARGE POWER SUBSTATION AND TRANSMISSION SERVICE (Cont'd)

REQUIREMENTS CONTRACT (Cont'd)

1. Customer Election of Requirements Type (Cont'd)

Alternative "B": Customer elects ____ Zero Requirements Service for the term ending June 30, 2001, unless Customer exercises its annual option, pursuant to paragraph 2 hereof, to select a different type of service or this contract is terminated sooner pursuant to the provisions of paragraph 3 hereof because Customer wishes to receive all of its energy and capacity from a supplier other than Central Hudson commencing on the effective date hereof. Customer making this election acknowledges that it is responsible for payment to Central Hudson of the full monthly rates set forth in Service Classification No. 13 which include a 100% Competitive Transition Charge with respect to all deliveries of energy and/or capacity for its use during the term of this election.

2. Annual Customer Option to Change Selection of Requirements Alternative

Customer may alter its then existing requirements election by providing to Central Hudson, by October 1 of each calendar year during the term of this agreement, written notice that the Customer selects a different requirements Alternative ("A" or "B") for the period commencing on January 1 of the year following that in which the written notice is given and terminating on June 30, 2001.

3. Termination

This Requirements Contract may be canceled by Customer on twelve (12) months advance, written notice to Central Hudson. Any such notice of cancellation will be effective twelve (12) months after the date on which it is received by Central Hudson; provided, however, that for any such notice to be effective it must specify which of the two alternative forms of requirements service set forth in paragraph 1 hereof that Customer agrees to select as of the effective date of cancellation and that Customer agrees to retain that alternative for a minimum period of one year or until the next October 1, whichever is longer.
