SERVICE CLASSIFICATION NO. 3 (continued)

INCREASE IN RATES AND CHARGES:

The rates and charges under this service classification, including Commodity Cost Adjustment Clause and minimum charge, will be increased by a tax factor pursuant to Rule 19.

TERMS OF PAYMENT:

Bills are due and payable. Full payment must be received on or before the date shown on the bill to avoid a late payment charge of one and one-half percent (1 1/2%) pursuant to Rule 15.2.

TERM:

One year and thereafter until canceled. This annual term provision will not apply in instances where delivery service customers are involuntarily switched back to sales service.

SPECIAL PROVISIONS:

- A. Company shall not be obligated to supply service facilities of a capacity in excess of that necessary to supply utilization equipment normally and regularly used by customer.
- B. Written application upon Company's prescribed forms is required.
- C. Whenever service is supplied where extension of distribution main facilities for service is requested, construction will be in accordance to Rule 10 of this schedule.
- D. Service under this service classification may be terminated at the conclusion of the December billing period of any calendar year, or prior thereto upon payment by customer of the minimum charges applicable hereunder for the remainder of such term.
- E. A customer taking service under this service classification may request Company to discontinue the supply of gas during any or all monthly billing periods ending in the months of November, December, January, February, March and April whereupon the Company shall waive the minimum charge for those months when no gas is taken by customer and no bill shall be rendered for such months.
- F. When the applicant to be served is equipped with a dual burner installation adapted for use of either gas or other alternate fuel and when the business to be served required that Company supply facilities with a gas supply capacity of 3,000,000 Btu per hour or more at normal pressure of 6 inches water column, and when the gas service will not be utilized initially, such facilities will be constructed only when applicant:
