SERVICE CLASSIFICATION NO. 4A  
TRAFFIC CONTROL - METERED  
(Continued)

B. Adjustments to Standard Tariff Charges

Customers served under this service classification shall be subject to adjustments and applied in the manner described in each respective Rule of the General Electric Tariff.

Rule 41 - System Benefits Charge

C. Increase in Rates and Charges

The rates and charges under this Service Classification, including any adjustments to charges, will be increased by a tax factor pursuant to Rule 32 of the General Electric Tariff.

D. Customer Option

Customers served under this service classification will be subject to the Market Rate Option and applied in the manner described in Rule 48 of the General Electric Tariff.

TERMS OF PAYMENT:

Bills are due and payable when rendered. Full payment must be received on or before the date shown on the bill to avoid a late payment charge of one and one-half percent (1 ½%) pursuant to Rule 26.4 of the General Electric Tariff.

TERM:

One month and continuously from month to month thereafter until permanently terminated on thirty days written notice to Company.

SPECIAL PROVISIONS:

- A. Rights-of-Way and Easements  
The customer shall furnish the Company with all easements or rights-of-way necessary to provide service to the desired location before any installations or construction will be started.
- B. Line Extension  
Company will provide line extensions, when applicable, as outlined in Rules 15, 16 and 17 of the General Electric Tariff.
- C. Location  
A distinct location of vehicular intersection, transition or designated point specified by customer for application of traffic control.
