GENERAL INFORMATION

20. SERVICE RE-ESTABLISHMENT CHARGE:

20.1 When the Company re-establishes gas service to the same customer at the same meter location where the service was disconnected for non-payment of bills, a service re-establishment charge will be made in addition to all other charges under this schedule. The following charges will be assessed for each service that was discontinued at the meter or at the outside service valve:

20.1.1 When the customer specifies service to be re-established during normal business hours, a service re-establishment charge will be assessed regardless of the time the service is actually re-established. The charge applicable to all customers \$46.00.

20.1.2 When the customer specifies service to be re-established during other than normal business hours, a service re-establishment charge will be assessed. The charge applicable to all customers is \$108.00.

20.1.3 When the customer also receives electric service at the same location from the Company and the electric service is being re-established at the electric meter, the larger of the two electric and gas charges will be the applicable charge to cover the electric and gas re-establishment if both services are re-established at the same time.

20.1.4 After agreement with the customer on the date, time and charge for service re-establishment, the Company will endeavor to re-establish service as soon as possible.

20.1.5 For purposes of this Rule, normal business hours are considered to be from 8:00 a.m. to 4:00 p.m., local time, Monday through Friday, excluding holidays.
