Term:

Terminable by consumer on two days' written notice to the Company and by the Company in the manner provided by law and the rules and regulations of the Company.

Special Provisions:

Nonetheless, in the event the Company elects to incur such costs, the costs of any additional facilities, including but not limited to any necessary telemetering equipment, that in the Company's sole judgment are required or must be incurred by the Company to provide transportation service, shall be the sole responsibility of the Customer, and shall be payable in full prior to the initiation of service hereunder. The Company may require Customer to provide security such as a letter of credit or other acceptable security prior to incurring any additional facilities costs.
- (c) The consumer agrees to permit access by the Company's employees or representatives, at all reasonable times, to the consumer's premises for the purpose of determining that the operation of installed cogeneration equipment and related facilities is in compliance with all terms and conditions for service required under this service classification. The consumer further agrees that the Company may measure gas consumption in any reasonable manner, including but not limited to automatic recording devices ("telemetering").
