SERVICE CLASSIFICATION NO. 18 (Cont'd)

<u>GENERAL SERVICE - RETAIL ACCESS PROGRAM</u> (Cont'd)

<u>SPECIAL PROVISIONS</u> (Cont'd)

18.5 <u>POWER FOR JOBS</u> (Cont'd)

Determination of Energy and Demand Billing (Cont'd)

- 2) The portion of the Customer's demand served under this special provision shall be the product of the Power for Jobs ratio and the measured demand for the month.
- 3) The portion of the Customer's energy served under this special provision shall be the product of the Power for Jobs ratio and the kilowatt-hour usage for the month.
- 4) The balance of the Customer's total registered demand and energy will be supplied by the Customer's Retail Supplier and the delivery of such demand and energy by the Company will be billed at the appropriate rates and charges of this Service Classification. The demand to be supplied by the Customer's Retail Supplier shall be the product of one minus the Power for Jobs ratio and the total demand for the month. The energy to be supplied by the Customer's Retail Supplier shall be the product of one minus the Power for Jobs ratio and the total kilowatt-hours for the month.
- 5) For a fractional part of a billing period at the beginning or end of service under this special provision, or for fractional periods due to a withdrawal or other change in the Customer's Power for Jobs allocation, the capacity charge and portion of any applicable minimum charge and the amount of energy that will be billed to the Customer under this special provision shall each be proportionately adjusted based on the ratio of the total hours of service under this special provision to the total number of hours in the billing period.
