SERVICE CLASSIFICATION NO. 6**TRANSPORTATION SERVICE FOR FUELING OF NATURAL GAS VEHICLES****APPLICABLE TO THE USE OF SERVICE FOR:**

Service to any customer (already taking service under another service classification) for the sole purpose of fueling natural gas motor vehicles. Service shall be metered separately from all other service taken and is subject to restrictions as provided in the Special Provisions herein.

CHARACTER OF SERVICE:

Transportation of Customer-owned, pipeline quality, natural gas will be on a firm basis from a receipt point within the Company's service territory to which this Schedule applies to the facilities at the Customer's existing delivery point, as specified in the Customer's Transportation Service Agreement. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the Customer, in accordance with General Information Section 5.C. of this Schedule, provided, however, that acceptance of the Customer's application will be conditioned upon the availability of the Company's system capacity.

PRICE: (Per Month)

A Transportation Administration Charge, which includes the first 500 Therms of usage, and the price per therm for usage in excess of five hundred (500) units will be determined monthly at the sole discretion of the Company. The Transportation Administration Charge will be \$100.00 plus the applicable price per therm, multiplied by five hundred (500). The price per therm will be not less than \$.01 plus the applicable revenue taxes. The Transportation Administration Charge and the price per therm for the following three (3) categories of service will be established each month and stated on the effective Natural Gas Vehicle Transportation Rate Statement applicable to the appropriate rate district:

Category 6A - Customers who transport natural gas for use in fuel filling facilities owned or leased and operated by the Customer whose alternate fuel is Regular Unleaded Gasoline, or who have no alternate fuel.

Category 6B - Customers who transport natural gas for use in fuel filling facilities owned or leased and operated by the Customer whose alternate fuel is Propane.

Category 6C - Customers who transport natural gas for use in fuel filling facilities owned or leased and operated by the Customer whose alternate fuel is Diesel.
