SERVICE CLASSIFICATION NO. 4 (CONT'D)

TAXES:

The bill, as calculated in the foregoing rate structure, shall be increased by a percent equal to that paid to the State of New York and Clinton County as a sales tax.

POWER FACTOR CORRECTION:

The Plattsburgh Municipal Lighting Department may, at its option, test or meter the power factor of a customer's load, where there is evidence of a lagging power factor less than ninety percent (90%). The Plattsburgh Municipal Lighting Department at its option, may require the customer to install power factor correcting equipment or the Department, on its system near the customer, will do so and bill the customer for the expense incurred therefor. No correction will be made or required where the power factor is leading or greater than ninety percent (90%) lagging.

TERM:

One year and thereafter until terminated by thirty days written notice.

PURCHASED POWER ADJUSTMENT:

The charges set forth in this Service Classification shall be subject to a Purchased Power Adjustment Clause, as explained in the NYMPA generic tariff.
