SERVICE CLASSIFICATION No. 19 - Continued

CHARACTER OF SERVICE

Firm, interruptible or temperature-controlled aggregated transportation, balancing and swing service, as determined by the Character of Service provisions of the sales service classification corresponding to the applicable transportation service classification for the Customers in the Pool, which provisions are incorporated herein by reference. Subject to the provisions of this Service Classification, the Company will transport gas, owned by the Pool, that meets the quality specifications hereof from a mutually agreed upon existing point for direct receipt by the Company, to specified delivery points on the Company's existing facilities at the points of service for each Customer in the Pool.

The Company shall control the dispatch of gas received for transportation.

Subject to the provisions contained herein, Company shall receive gas delivered by Seller hereunder for the Pool's account and transport and/or redeliver such gas to the Pool. Company shall not be required to accept deliveries of gas in excess of Seller's MDDQ.

Each month, the Company shall determine the Seller's ADDQ (see Special Provisions) and the Seller shall be obligated to deliver this amount each day unless otherwise notified by the Company.

The Company shall be required to receive Daily Delivery Quantities only during the Delivery Period, and redeliver Daily Redelivery Quantities only during the Redelivery Period.

TRANSPORTATION SERVICE RATES - SERVICE CLASSIFICATION No. 16 AGGREGATED POOL

When a Pool is comprised of Customers taking Comprehensive Transportation and Balancing (CTB) Service under S.C. No. 16, each Customer of the Pool shall pay all applicable rates and charges under S.C. No. 16 except for the following rates and charges which shall be the responsibility of the Seller:
