Balanced Aggregation Service

Balanced Aggregation Service is applicable to customers who are taking service from Niagara Mohawk under Service Classification Nos. 1, 2, 3, 5 DCA, 7 DCA, 12 & 13. Upstream pipeline capacity is made available as a result of their termination of sales service in order to obtain natural gas supplies from or through a qualified aggregator, with all balancing provided by Niagara Mohawk. Delivery service to Balanced Aggregation customers will be provided as set forth in Rule 28 of this schedule.

a. Eligibility. Balanced Aggregation Service is available to customers who have taken service under Service Classification Nos. 1, 2, 3, 5 DCA, and 7 DCA, 12 & 13, who have met the term provisions of their respective service classifications. To receive Balanced Aggregation Service, Aggregator Form 2 must be completed by the Customer's approved aggregator and submitted to the Company electronically through the Company's web site or via fax not later than the 11th of the month prior to the month service is to commence. If the Company does not have access to the Customer's meter, the Company will attempt to contact the Customer for a reading provided by the Customer. If no reading is provided, no conversion to Aggregation will occur.
