RECEIVED: 02/01/99 STATUS: Cancelled EFFECTIVE: 04/01/99

**SERVICE CLASSIFICATION NO. 5**  
**Firm Transportation Service (continued)**  
**(Rate Codes: 127, 137, 147, 167, 177, 158, 159, 257)**

**The following rates and charges are applicable to all Customers and/or Sellers:**

**Monthly and Daily Transportation Quantities:**

At the beginning of the applicable twelve-month period, the Company will determine each customer's Monthly Delivered Quantity (MDQ) and Daily Delivered Quantity (DDQ) for each month of the upcoming year.

A Customer's MDQ will be based on that Customer's weather-normalized historical consumption. The Company may adjust a Customer's MDQ as necessary during the year to reflect changes in a customer's gas equipment or pattern of consumption. If inadequate historical consumption data exists, the Company may estimate a Customer's MDQ based on, among other things, the rating of a Customer's gas equipment and the expected utilization of such equipment.

A Customer's DDQ will be calculated by dividing a customer's MDQ by the total number of days for each calendar month.

By the first business day following the 9th of each month, the Company shall Provide to the Seller notice of each Customer's DDQ and, in the case of a Seller that supplies gas to more than one Customer, the Customers' Aggregated Daily Delivery Quantity (ADDQ) for the succeeding calendar month.

**Receipt and Delivery of Gas:**

The Seller must deliver or cause to be delivered at the City Gate the applicable Customer's DDQ or Customers' ADDQ for each day of the month. The Company will deliver to each Customer the Customer's gas requirements for each day of the month and will provide daily swing and balancing services to the extent such requirements differ from each Customer's DDQ.

By the first business day following the 14th of each month, the Seller shall provide to the Company notice of the natural gas scheduled for delivery at the City Gate by interstate pipeline for each day of the succeeding month. The scheduled nomination for each Customer must equal the Customer's DDQ. The scheduled nomination for Seller with more than one Customer must equal the Customers' ADDQ.

The Company is not obligated to accept any volumes that have been nominated by the Seller to the extent that such volumes exceed a Seller's Customer's DDQ or the Seller's Customers' ADDQ.

**City Gate Balancing:**

Customer shall be responsible for delivery each day to the Company of a quantity of gas equal to the ADDQ.

- A) Each day, Customer shall nominate and schedule deliveries of gas to the Company in an amount equal to the Customer's ADDQ. If the total quantity of gas delivered by Customer to the Company on any day is within  $\pm 2\%$  of Customer's ADDQ for such day, and Customer has met its nomination and scheduling obligations hereunder then,
