Service Classification No. 10
Compressed Natural Gas Vehicle Full Service (continued)
(Rate Code: 801)

Terms:

A maximum of one year contract term, subject to renegotiation with the Company, and terminable by the Company in the manner provided by law and the rules and regulations of the Company. All other terms and conditions including but not limited to rights of termination and limitation of liability will be determined by the Company at its sole discretion subject to negotiation between the Company and the Customer, provided however, that rates will be determined pursuant to the Company's Statement of Rates and Charges for Natural Gas Vehicle Service.

Special Provisions:

- a) Gas service will be supplied under this Service Classification only when the Company has sufficient capacity available at its refueling stations.
- b) The Company reserves the right to accept and enter into only such contracts under this Service Classification as will, in the Company's sole judgment, permit it to sell the gas that it has available for sale and that does not require any extensions of or additions to its refueling stations.
- c) The Company reserves the right to accept and enter into a contract under this Service Classification only after it has determined that the Customer's vehicles and/or gas cylinders meet the safe design, construction, installation and operation requirements of the authorities having jurisdiction. The Company also reserves the right to refuse to provide service under this Service Classification, if in the Company's sole judgement, any customers' vehicle is deemed unsafe. To gain access to refueling stations on Company premises, the Customer will be required to show Company issued identification. When on Company premises, the Customer must observe all applicable Company safety regulations.
