**Service Classification No. 13**  
**Temperature-Controlled Transportation Service (continued)**  
**(Rate Codes: 730, 731, 732)**

**Special Provisions:**

1. Availability of Service: gas service will be supplied under this service classification only when:
  - a. the Company has, at the time of application, sufficient capacity available for the service requested after supplying all consumers taking continuous service, and
  - b. in the Company's sole discretion, the Company will not have to install unreasonable or uneconomic extension of facilities to provide service.
2. Temperature Related Interruptions: Service to customers will be interrupted when the temperature drops below the temperature level specified by the Company. Temperature settings of the control devices, whether automatic or semi-automatic, will be established solely by the Company. For purposes of this service classification, the temperature is:
  - a. measured outside the customer's premises, except when such information is not readily or accurately available, or if operation or supply conditions warrant, then
    - 1) the Company will use the temperature measured at the Company's weather monitoring station located at Hicksville, New York.
3. Standby Fuel Requirements: Customers with human needs, such as multi-dwellings and hospitals, are required:
  - a. to install and maintain at all times a sufficient standby alternate fuel supply and the dual-fuel equipment necessary to utilize same in the event of an interruption, and
  - b. unless otherwise expressly authorized by the Company in writing, to maintain a supply of alternate fuel sufficient to at least meet the customer's fuel consumption needs for a period of ten days.
    - 1) The installation and subsequent operation of such dual-fuel equipment and all associated control devices shall be subject to the approval of the Company.
4. Maintenance of Equipment:
  - a. The customer shall be solely responsible for the service, maintenance, repair and upkeep of all dual-fuel equipment and all associated control devices.

Issued by Robert J. Fani, Senior Vice President, Hicksville, NY
