RATE:

The charge for service during each billing cycle shall be the sum of the following amounts for all lamps, luminaires and other facilities, in service as of the last billing month. Lamps, luminaires, and other facilities added to or deleted from service subsequent to the last billing period will be prorated based on the number of days in service.

A. Energy Charge

\$0.08362 per kilowatthour

The monthly energy price stated in Section C, Lamp and Luminaire Charge is calculated using the sum of the kilowatthours in the following table for each lamp installed, multiplied by the stated energy charge, divided by twelve:
