FIXED PRICE OPTION ("FPO"):

ENROLLMENT -

When available, the FPO shall be offered to all customers under Service Classification Nos. 1, 2 and 3. Each year the FPO is offered, an enrollment period shall commence on or about October 1 and shall end on the late payment date for the last control (billing) cycle in October. The FPO shall be applied to participating customers' bills for a five-month period beginning in December and ending in April. Customers shall be notified of the FPO by newspaper publication and/or bill insert, or such other cost-effective means as determined by the Company upon consultation with the Public Service Commission, Consumer Services Division. Enrollment shall be limited to the total number of customers that can be served, based upon the Company's forecast load requirements, from the pool of supply secured under dedicated fixed price contracts included in the Company's gas portfolio for the winter period, but in no case shall the FPO be offered to less than ten percent (10%) of customers by each qualified service class. That number shall be reported to the Consumer Services Division prior to the commencement of the enrollment period.

AGREEMENT -

Customers who elect to enroll in the FPO program shall be required to execute an election form, a sample of which is set forth at General Information Section 34. The election form shall be a binding agreement between the Company and the participating customer for the term of the FPO.
