### GENERAL INFORMATION

#### 3. APPLICATION AND CONTRACT: (CONT'D)

##### D. Obligation to Serve - **Non-Residential:** (Cont'd)

- (c) incomplete construction of necessary facilities by the applicant or inspection and certification thereof by the appropriate authorities; or
- (d) incomplete construction of necessary facilities by the Company;

The Company will make reasonable efforts to eliminate conditions preventing extensions of service and will pursue completion of any facilities it must construct with due diligence.

The Company will provide service to any accepted applicant whose application for service was previously denied solely for failure to make full payment as provided in Section 5 of this Schedule, as soon as reasonably possible, but no later than three (3) business days, or such later time as may be specified by the applicant, after payment is made, or ten (10) calendar days after receipt of the original application, whichever is later, except as provided above.

##### E. Continuation of Service - **Residential:**

Whenever a residential customer moves to a different dwelling within the service territory of the Company and for which the Company's tariff specifies a residential price, and requests utility service within sixty (60) days, he or she shall be eligible to receive service at the different dwelling, subject to Sections 3.A. and 3.C. of this Schedule, and such service will be considered a continuation of service in all respects, with any DPA honored, and with all rights provided, however, that such customer's prior service was not terminated for non-payment, meter tampering or theft of services.
