STAMPS: Issued in compliance with Order in Case 00-G-0996 dated 08/24/00  
RECEIVED: 09/29/00 STATUS: Effective EFFECTIVE: 10/01/00

**SERVICE CLASSIFICATION NO. 3 (Cont'd.)**

**SPECIAL PROVISIONS:**

(A) Metering

The unit of measurement shall be a cubic foot of gas at an absolute pressure of fourteen and seventy-three one-hundredths pounds (14.73#) per square inch, a temperature of sixty degrees (60 ) Fahrenheit and without adjustment for water vapor content. In determining the volume of gas delivered, the Average Absolute Atmospheric (Barometric) Pressure shall be assumed to be fourteen and four-tenths pounds (14.4#) to the square inch, irrespective of actual elevation or location of the delivery point above sea level or variations in actual barometric pressure from time to time.

(B) Supply

Gas supplied hereunder is in addition to and not a part of the Company's system requirements. During the term of the Order dated October 26, 1971, as amended on December 14, 1971, of the Public Service Commission Case 25766, a customer served under the rate schedule may not shift to any other rate schedule to effect any change in availability of gas to his premises.

(C) Availability

Service under this rate schedule is available only to those customers being served prior to December 22, 1972 and only at the location of such service prior to December 22, 1972.

(D) Firm Base Load

A customer, at its option, may declare, prior to November 1 of each year, a fixed volume of its daily usage as Firm Base Load. A Customer electing this option may use its Firm Base Load volume during periods of interruption without incurring a Penalty Charge or Penalty Surcharge for usage up to the Firm Base Load declared. All Firm Base Load usage will be considered first through the meter and be billed at the rates and charges contained in Service Classification No. 2. Declared Firm Base Load volumes will remain fixed for a period of one year.

(E) Customer Responsibilities

Customers must maintain operable alternate fuel equipment, adequate fuel storage capacity at the customer's location for use in such alternate fuel equipment and fuel supply that is adequate and replenished as necessary to enable the customer to operate satisfactorily such equipment without gas whenever and so long as service under this Service Classification is interrupted. The customer must also maintain a dedicated customer-installed telephone line to enable the Company to obtain remote readings of the customer's meter.
