### **SERVICE CLASSIFICATION NO. 12 - Continued**

### **DUAL-FUEL SALES SERVICE (DFSS) - Continued**

### **Miscellaneous Provisions - Continued**

#### **(E) Customer Responsibility**

Interruptible and Off-Peak Firm Customers with dual-fuel equipment must maintain (i) operable dual-fuel facilities and associated Customer-installed phone lines and (ii) fuel reserves for use in such dual-fuel facilities in accordance with Miscellaneous Provision D of this Service Classification, including replenishing such fuel inventory during and after an interruption, to the extent necessary, that together are adequate to enable the Customer to operate satisfactorily those facilities without gas whenever and so long as service under this Service Classification is interrupted.

#### **Inter ruptible and Off-Peak**

Firm Customers with equipment that operates solely on gas must maintain (i) alternate energy facilities and associated Customer-installed phone lines, and (ii) alternate energy reserves for such facilities in accordance with Miscellaneous Provision D of this Service Classification, including acquiring additional energy reserves during and after an interruption to the extent necessary, that together are adequate to supply the energy requirements of the premises otherwise supplied directly or indirectly by the gas-fired equipment whenever and so long as service under this Service Classification is interrupted. The Company may require the Customer to provide documentation of such dual-fuel or alternate energy facilities or reserves, as applicable.

#### **(F) Prepayment for Facilities:**

If the Company estimates that net revenues under this Service Classification over the initial two-year period will enable the Company to recover fully its facility costs, an applicant for new service or an Service Classification Nos. 1, 2, 3, or 13 Customer transferring to this Service Classification shall not be required to pay in advance the costs to be incurred or previously incurred by the Company covering:

(1) provision and installation of metering and communication equipment as may be or was specified by the Company, and

(2) all main extensions or reinforcements, service pipes, service connections, and other facilities in any street, avenue, road, or way as may be or were necessary to render service.

(Service Classification No. 9 - Continued on Leaf No. 343.0)
