GENERAL INFORMATION

1. DEFINITIONS: (CONT'D)

British Thermal Unit (BTU) shall mean the amount of heat required to raise the temperature of one (1) pound of water 1 degree Fahrenheit at 60 degrees Fahrenheit.

Business Day shall mean Monday through Friday excluding holidays recognized by the Company.

Bill Processing Credit shall mean a per bill credit for the Customer on the amount owed the Company in an Alternative Billing Arrangement where the Customer elects an ESCO/Marketer rendered Single/Consolidated Bill.

Bill Ready shall mean a billing practice in which the billing party receives the amount(s) to be charged to the Customer directly from the non-billing party in lieu of calculating such charge(s).

Cash-Out shall mean the resolution of Imbalances at the end of a period, usually a Month, through cash payments.

Citygate shall mean the point of interconnection between an Upstream Pipeline and the Company where gas is delivered to the Company. The Company has multiple Citygates served by different Upstream Pipelines.

Combination Account shall mean a common account for both gas and electric service for the purpose of combined gas and electric billing by the Company. A Combination Account is served under PSC No. 87 Gas or this Schedule, and under PSC No. 115 Electricity, or superseding issues thereof.

Company shall mean New York State Electric & Gas Corporation, or any successor organization thereto.

Consolidated Bill shall mean a bill including all charges for a Combination Account when one (1) or more services are Retail Access.

Consumption Algorithm shall mean a mathematical formula used to calculate a Customer's daily consumption based on the Customer's historical Baseload and use per Degree Day factors.

Core Customer shall mean a Customer that has no viable alternative fuel and relies on the Company for gas delivery and/or commodity service.
