Consolidated Edison Company of New York, Inc.
Initial Effective Date: 07/01/2023

Leaf: 152
Revision: 8
Superseding Revision: 7

GENERAL RULES

20. Standby Service and Standby Service Rates

Customers who take Standby Service are subject to all terms and conditions of this General Rule, including the Interconnection Charge, whether they are billed under Standby Service rates or Standard rates.

Customers who take Standby Service with on-site generation equipment having a total nameplate rating equal to more than 15 percent of their maximum potential demand served from all sources, or are Customers served under Section A.9 of Rider R, are required to be billed under Standby Service rates, unless they are exempt pursuant to General Rule 20.3.

Unless otherwise required to take Standby Service rates, or exempt from Standby Service rates pursuant to General Rule 20.3, demand-billed Customers under SCs 5, 8, 9, 12, and 13, with or without a generating facility, can elect to be billed under Standby Service rates (“Rate Choice Customers”). A Rate Choice Customer may elect to change its billing rate to or from Standby Service rates no more than once every 12 months. All such notices must be made at least 30 days in advance in writing. A Rate Choice Customer will be billed under Standby Service rates commencing with the first full billing period for which interval metering data is available subsequent to the Company’s receipt of notice of such election. Subsequent changes will become effective with the first full billing period. Rate Choice Customers served under Rider R, or who do not have on-site generation equipment, or have emergency generating facilities used for self supply pursuant to General Rule 8.2, are not subject to General Rules 20.2 and 20.7.

Customers with stand-alone Electric Energy Storage systems charging for wholesale purposes will be billed pursuant to the WDS tariff. General Rule 20 does not apply to these Customers, except for General Rule 20.2.

Unless the Customer is a Rate Choice Customer, General Rule 20 is not applicable to generating facilities that are: (1) used for emergency self-supply under General Rule 8.2; (2) served under Rider R, except for Customers served under Section A.9 of Rider R; or (3) served under the Value Stack Tariff for PASNY Customer-generators General Provision in the PASNY Rate Schedule, except for Customers served under Option (2) of the Applicability section of the Value Stack Tariff for PASNY Customer-generators General Provision in the PASNY Rate Schedule.

Cancelled effective 09/29/2023.
