7. Service Classification Riders (Available on Request) - Continued

RIDER D INTERCOMMUNICATING BUILDINGS (Applicable to Service Classification Nos. 1, 2, 3, and 4)

Service under the provisions of this Rider is available only to a Customer who was taking service under a Rider D agreement on May 31, 1959, and only as to such buildings or parts of buildings which were included in said Customer's Rider agreement on such date.

It is further understood and agreed that when the group of buildings or parts of buildings enumerated hereon are under a common ownership of public record in the name of the Customer or are under a common leasehold of public record in the name of the Customer and are intercommunicating by means of at least one door or passageway permitting a person to pass from any one building to another and that the said buildings or parts of buildings are operated as a single property, the steam supplied to such buildings or parts of buildings will be totaled for the purpose of determining the amount of the bill which such Customer shall receive for service.

The Customer will, on request, furnish to the Company satisfactory proof that the buildings or parts of buildings in question conform to the above-stated conditions and to the other terms of the Service Classification to which this Rider is being applied, and that the use of steam service within such buildings or parts of buildings conforms in all respects to the regulations contained in the Company's Rate Schedule. Upon any change in this relationship, or in such use, contrary to these conditions, the Customer agrees that he will forthwith notify the Company thereof in writing and agrees that his application and its acceptance for the Company shall become null and void.
