GENERAL INFORMATION – Continued

47. Site Investigation and Remediation (SIR) Recovery Surcharge

The forecast rate allowance of SIR costs will be included in base delivery rates. Beginning September 1, 2021, to the extent that the difference between actual SIR expense (inclusive of Gowanus Canal and Newtown Creek) and the forecast rate allowance exceeds \$25 million on a cumulative basis, the Company will implement a surcharge to collect or credit the difference. The surcharge will be calculated annually and is limited to an amount no greater than two percent of the Company's prior year's aggregate revenues. The SIR recovery surcharge will include (i) the difference between actual SIR expense in the prior rate year and the forecast rate allowance in the prior rate year; and (ii) any amount that was not recovered in the prior rate year's SIR Recovery Surcharge because the cumulative difference between actual SIR costs and the forecast rate allowance did not exceed the \$25 million threshold and/or the amount would have increased the Company's aggregate revenues by more than two percent. The SIR will be included in the DRA recovered from SC 1, 2, 3, 4A-CNG, 4B, 7 and 21 firm sales customers and SC 17 firm transportation customers. The SIR will appear on the Statement of Site Investigation and Remediation Recovery Surcharge.

48. Arrears Management Program ("AMP") Recovery Surcharge

Phase 1 of the Electric and Gas Bill Relief Program. Subject to the conditions in the Commission's order issued June 16, 2022, in Cases 14-M-0565 et al, customers with active accounts who are currently enrolled in the Energy Affordability Program ("EAP") or who enroll in the EAP on or before December 31, 2022, or who received benefits from New York State Emergency Rental Assistance Program or the Home Energy Assistance Program – Regular Arrears Supplement program, will receive a one-time bill credit under the Electric and Gas Bill Relief Program for any arrears balance on their bill as of and prior to a bill date of May 1, 2022.

The AMP Recovery Surcharge will recover costs to provide bill credits under the Phase 1 Electric and Gas Bill Relief program, including the impact of incremental program costs for bill credits associated with customers newly enrolled in the EAP through December 31, 2022.
