## GENERAL RULES

### 5. Installation and Maintenance of Overhead and Underground Facilities - Continued

#### 5.2. Common Provisions Applicable to the Installation and Maintenance of Overhead and Underground Facilities – Continued

##### 5.2.4 Excess Distribution Facilities - Continued

##### 5.2.4.4 Distributed Energy Resources Make Ready Program for Disadvantaged Communities and Low-Income Customers

From January 1, 2023 through December 31, 2025, the Company will offset the costs of necessary new interconnections and EDF costs for qualified participants seeking to interconnect clean distributed energy resources in disadvantaged communities or that serve low-income customers. Eligibility for these offsets, including the amount of the offset given, will be determined according to the program's rules as published on the Con Edison website.

##### 5.2.5 Permits

The Company will make, or cause to be made, application for any necessary street permits for installing its service facilities and shall not be required to furnish electric service until a reasonable time after such permits are granted. The Customer shall obtain, or cause to be obtained by its contractor or representative, and present to the Company for registration, all permits (excepting street permits), consents, and certificates necessary to give the Company or its representatives access to the installation and equipment and to enable its service lateral to be connected therewith, or for other purposes in connection with the supply of electric service. No application will be deemed to be complete until all permits (excepting street permits), consents, and certificates have been obtained by the Customer and presented to the Company for registration.
