SECTION 4 – TOLL SERVICES, (CONT'D.)

4.2 Rates, (Cont'd.)

4.2.6 Special Rates

A. Discount for Hearing Impaired Customers:

A telephone toll message which is communicated using a telecommunications device for the deaf (TDD) by properly certified hearing or speech impaired persons or properly certified business establishments for individuals equipped with TDDs for communicating with hearing or speech impaired persons will receive, upon request, a discount for calls placed between TDDs. The credit to be given on a subsequent bill for such calls placed between TDDs will result in the application of the evening rate for calls made during daytime hours and night rates for calls made during evening and night hours. Discounts do not apply to surcharges or per call add on charges for operator service when the call is placed by a method that would normally incur the surcharge.

B. Operator Assistance for Handicapped Persons:

Operator station surcharges will not be charged by the Company for operator assistance provided to a caller who identified him or herself as being handicapped and unable to dial the call because of a handicap.

C. Directory Assistance for Handicapped Persons:

There is no charge for Directory Assistance calls from handicapped persons. Such persons must contact the Company for credit on their directory assistance calls.

D. Discount for Telecommunications Relay Service Intrastate Toll Calls

Intrastate toll telecommunications relay service calls will be discounted by 50 percent off of the otherwise applicable rate for a voice nonrelay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call will be discounted 60 percent off the otherwise applicable rate for a voice nonrelay call. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges or surcharges.
