TELECOMMUNICATIONS SERVICES

SECTION 2 – REGULATIONS, (CONT'D.)

2.25 Emergency/ Crisis/ Disaster Restoration and Provisioning – Telecommunications Service Priority, (Cont'd.)

2.25.5 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company's best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted customer of the action to be taken.

2.26 Pro-rating

All services have a minimum period of one month and are billed one-month in advance. Monthly Recurring Charges are payable in full as of the first day of the billing cycle in which the service is furnished. Therefore, the Monthly Recurring Charges are not subject to pro-rating if service is disconnected prior to the end of a billing period.

Services that are ordered prior to the beginning of a billing period will be prorated from the order date to the Customer's applicable billing period.

2.27 Minimum Rates

Rates for all service may be reduced selectively and in varying amounts as long as the rates cover their relevant incremental costs.
