PASNY DELIVERY SERVICE

General Provisions - Continued

Meters with Communications Capabilities

- (1) The Company will provide and maintain the communications service for: (a) Customers served under Rate II; (b) Customers subject to Reactive Power Demand Charges; (c) Customers served under Rate IV who would otherwise be subject to Rate II if they did not have on-site generation; and (d) Customers served by Interval Meters installed under the Company's AMI program. If a Customer takes service under General Rule 20.2.1(B)(8) of the Schedule for Electricity, the Customer will provide and maintain the communication services, unless the meters were installed under the Company's AMI program.
- (2) PASNY will arrange for the provision and maintenance of the communications service unless the Company is required to provide and maintain it as specified in paragraph (1) above. If communication is by telephone line, PASNY will arrange for a dedicated telephone line. If the telephone line is not operational for any reason when the Company attempts to read the meter, the charge specified in General Rule 16.4 of the Schedule for Electricity will be assessed.
- (3) Monthly Communications Service Credit:

Except for PASNY Customers equipped with Interval Meters under the Company's AMI program, PASNY will receive a credit of \$33.84 per month for each Standby Service account served under General Rule 20.2.1(B)(8) of the Schedule for Electricity if the Company would have otherwise been required to maintain the communications service if not for service being taken under General Rule 20.2.1(B)(8).
