## PASNY DELIVERY SERVICE

### General Provisions - Continued

#### Net Metering and Value Stack Tariff for PASNY Customer-Generators – Continued

##### Application for Service

PASNY Customers' applications for interconnection to the Company's system will be made using the applications set forth in the Standardized Interconnection Requirements ("SIR").

Assuming the conditions of the SIR are met, the Company and the PASNY Customer will execute the New York State Standardized Contract set forth in the SIR.

The Company may require PASNY or any PASNY Customer to furnish to the Company a written request for service in a form suitable to the Company. Applications for CDG Net Crediting, pursuant to the Net Metering and Value Stack Tariff for PASNY Customer-Generators - Community Distribution Generation section (d) will be made in conformance with the Company's CDG Net Crediting Manual. Applications for RC must include an initial allocation request, in a format acceptable by the Company and pursuant to the Net Metering and Value Stack Tariff for PASNY Customer-Generators – Remote Crediting section.
