Form # 5 - Application & Contract for Underground Residential Distribution System

Pennsylvania Electric Company  
Application and Contract for  
Underground Residential Distribution System

THE UNDERSIGNED, (hereinafter called "Applicant") hereby applies to PENNSYLVANIA ELECTRIC COMPANY (hereinafter called "Company") to have the Company furnish an underground electric distribution system for permanent Residential Service in a subdivision known as

\_\_\_\_\_

and consisting of \_\_\_\_\_ dwelling units or building sites situated in the \_\_\_\_\_

\_\_\_\_\_ of \_\_\_\_\_, County of \_\_\_\_\_.

Upon the acceptance of this application, the Company agrees to:

1. Install underground electric distribution lines of sufficient capacity, along with such appurtenant devices, equipment and materials which shall be needed in the judgment of the Company, to provide safe and adequate permanent electric service.
2. Install underground service laterals at the Applicant's expense as the Applicant may elect.
3. Own, operate and maintain the distribution system and with the Applicant's consent, the Company shall also own, operate and maintain the service lateral on private property.

The Applicant agrees that before the Company shall be obligated to make such installations, the Applicant shall:

1. Furnish a survey map approved by all governmental authorities having jurisdiction, and certified to by a licensed professional engineer or land surveyor and certified as final by the Applicant showing the location of each lot, sidewalk and roadway and prior to and during construction by the Company, shall place and maintain survey stakes indicating grade and property lines. A map showing the location of all other existing and proposed underground facilities shall be furnished to the Company by the Applicant as soon as the location of such facilities shall be known, but prior to the installation of the underground electric distribution facilities.
