Service Classification No. 3 (continued)

#### PAYMENT TERMS:

All bills are rendered at the above Rate and are subject to late payment charges in accordance with Rule 16, Payment of Bills.

#### TERM OF CONTRACT:

Each Customer shall be required to enter into a contract with the Company for a minimum one (1) year term. The contract shall be automatically renewable from year to year after the expiration of the original term, unless a notice of cancellation of greater than thirty (30) days is given by either party. If the contract is terminated by the Customer prior to its expiration, the minimum bill provisions of this Service Classification shall apply. If the Customer's capacity or service facility requirements increase, the Company, in its sole and exclusive judgment, may require the Customer to enter into a new contract.

#### GENERAL PROVISIONS:

- A. Service to Schools: Service to public schools shall be rendered at the charges set forth herein, provided that the minimum monthly charge may be waived during any of three (3) months from June to September inclusive. Any kilowatt-hours used during the period of waiver shall be included in subsequent billing.
- B. Combined Billing: This provision is restricted as of May 2, 1980, to existing loads at existing locations. Combined billing shall not be permitted except where Customers are supplied with single phase and polyphase service at secondary voltage at a single location. In such instances, only one single phase and one polyphase service may be combined for billing purposes. Locations and loads billed under this provision may not continue to be so served if there is a substantial increase in load necessitating any increase in the capacity of the Company's facilities or in the capacity of the Customer's service entrance wiring.
