Section 3  
Leaf 54  
Revision: 0  
Superseding Revision:

### 3. INTRASTATE INTEREXCHANGE SERVICES

#### 3.2 SERVICE OPTIONS

##### 3.2.21 Option 21 (Baseline<sup>SM</sup> 800)

Baseline<sup>SM</sup> 800 is an inward switched access service which permits calls to a customer's station in one location from stations in diverse geographical service areas, in which the customer is billed for the calls rather than the call originators. Baseline<sup>SM</sup> 800 may be used only in conjunction with Carrier's interstate Baseline offering. A call begins when call termination is received by or through customer premises equipment.

##### a) Rate Structure

Charges for Baseline<sup>SM</sup> 800 are assessed based on length of call and time of day.

##### b) Usage Charges

The Carrier's Service Option 21 is based upon the originating and terminating location of each call. Calls are billed in six second increments, with a thirty second per call minimum. Any fraction of an increment is rounded up to the next whole increment.

##### c) Minimum – maximum rates

|                    |                              |
|--------------------|------------------------------|
| Business Hour Rate | \$0.1185 - \$0.4740 / minute |
| Off Hour Rate      | \$0.0980 - \$0.3920 / minute |
