A. ALLNET ACCESS (Travel)

Allnet Access is an inbound gateway service whereby the caller dials an 800 toll free access number plus an eleven-digit calling code to gain access to information, travel, call delivery and voice mail services.

Allnet Access Travel is available only in conjunction with Carrier's interstate Allnet Access Travel service offering. A personalized Calling Card will be issued to each Allnet Access subscriber. Charges for Allnet Access Travel are based on length of call, time of day, and originating and terminating locations of each call. The customer's total monthly use of Allnet Access Travel is charged at the applicable rates per minute set forth below. Long distance calls made through Allnet Access are billed in one-minute increments with a one minute minimum for each call. Any fraction of an increment after one minute is rounded up to the next one-minute increment. Charges for calls answered by the called party are assessed from the time point that the Carrier gateway returns the initial tone to the caller. Allnet Access calls may originate from any location within the State of New York.
