Effective Date: December 4, 2019

Leaf 111
Revision: 1
Superseding Revision: 0

MESSAGE TOLL SERVICE TARIFF

Effective September 10, 2019, the services in this tariff are no longer available to new customers. Moves, additions and changes will only be available for authorized services provided by Verizon or an affiliated entity. For existing Federal, State and Local Government Agencies, and Educational Institutions, modifications to current service offerings will continue to be subject to the tariff.

5. GRANDFATHERED SERVICES

- 5.1 Intrastate Message Toll Service - *As of September 25, 2005, this product will only be available to current customers at their current locations.*

Message Toll Service (MTS) is a direct dialed communications service which is available for use by customers twenty-four (24) hours a day. Customers may originate and terminate intrastate MTS from locations served by the Company within the state of New York. Operator Assistance, Toll Free Service and Directory Assistance services are available to Customers of the Company's MTS service subject to the provisions of this tariff.

For the purposes of this Section 3.1, timing of messages will be determined by the following method.

- (a) Chargeable time begins when connection is established between the calling station and the called station.
- (b) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- (c) Chargeable time does not include time lost due to faults or defects in the connection.
