SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)

Jail – A facility of a local, state or federal law enforcement agency that is used primarily to hold individuals who are (1) awaiting adjudication of criminal charges; (2) post-conviction and committed to confinement for sentences of one year or less; (3) post-conviction and awaiting transfer to another facility. The term also includes city, county or regional facilities that have contracted with a private company to manage day-to-day operations; privately-owned and operated facilities primarily engaged in housing city, county or regional inmates; and facilities used to detain individuals pursuant to a contract with U.S. Immigration and Customs Enforcement.

Pay Telephone - Telephone instruments provided by the Customer or Institution for use by its guests, patrons, visitors, transient third parties or for use by Inmates of Confinement Institutions. Pay Telephones permit the user to place calls to other parties and bill such calls on a non-sent-paid or sent-paid-basis. To facilitate sent-paid calling, Pay Telephones can be equipped with a credit card reader, coin box, or similar device that allows charges to be collected for each call at the instrument.

Prison – A facility operated by a territorial, state or federal agency that is used primarily to confine individuals convicted of felonies and sentenced to terms in excess of one year. The term also includes public and private facilities that provide outsource housing to other agencies such as the State Departments of Correction and the Federal Bureau of Prisons; and facilities that would otherwise fall under the definition of a Jail but in which the majority of inmates are post-conviction or are committed to confinement for sentences longer than one year.
