SECTION 3 - DESCRIPTION OF SERVICES AND RATES, (CONT'D.)

3.5 Prepaid Card Service

With Prepaid Card Service, cards may be purchased directly from the Company, usually via a vending machine located at the facility. Cards may be purchased in any denomination between \$5.00 and \$30.00. The Company assigns an authorization code to the inmate, and provides instructions for accessing and using the service.

The Company's system automatically informs the caller of the Available Usage Balance remaining on the Prepaid Card, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses. With Prepaid Card Service, applicable state taxes and fees are included in the rates and charges for calling service.

Prepaid Cards purchased under this service are non-renewable. Unused balances may not be used following release from the Confinement Institution. Unused balances are refundable upon request.
