GENERAL INFORMATION

24. Delivery Revenue Surcharge

As directed by the Commission in Case 18-G-0068, the Delivery Revenue Surcharge ("Surcharge") will apply to customers served under Service Classification Nos. 1, 2, and 6 and will account for allowed base revenue changes that resulted from the extension of the Case No. 18-G-0068 suspension period, plus interest at the Other Customer Capital Rate, over 9 months commencing April 1, 2019. The amount to be refunded to each service classification group will be based on the difference of: (1) the Revenue Decoupling Mechanism ("RDM") revenue per class targets for the period January 1, 2019 through March 31, 2019 as set forth in Appendix 21 to the Joint Proposal adopted by the Commission in its Order Adopting Terms of a Joint Proposal and Establishing Electric and Gas Rate Plans, issued March 14, 2019 in Case No. 18-G-0068; and (2) the targets for the period January 1, 2019 through March 31, 2019 as listed in General Information Section 25(C), which are based on a revenue per customer methodology.

The Surcharge will be assessed on a monthly basis. The unit amount to be assessed per service classification group will be shown on the Statement of Delivery Revenue Surcharge filed with the Commission. Any difference between amounts required to be refunded through the Surcharge and actual amounts refunded will be charged or credited to customers over a reasonable period in a statement that will become effective March 1, 2020.
