

P.S.C. No. 1 – Water  
SUEZ Water New York Inc.  
Initial Effective Date: April 3, 2019

Leaf No. 30  
Revision: 1  
Superseding Revision: 0

GENERAL INFORMATION

6.2 Use of Hydrants Other Than in Emergency

A. Where it is necessary to use hydrants for any purpose other than for public fire protection in an emergency or where no other source of water supply is available, a special permit is required, issued by the Company, under restrictions imposed in the interest of the public, including requiring the user to take appropriate means to prevent backflow. When required, the Applicant for such permit shall notify the local fire department of the intended use of a hydrant before using it and keep the permit card with him when the hydrant is in use.

B. Fire departments should inform the Company promptly of any hydrant which has been used or which is leaking, or in need of attention, so that such hydrants may be placed in readiness for instant operation.

6.3 Charges

A. Public Fire Protection

Charges for public fire protection are made in accordance with Service Classification No. 4, except as otherwise provided by contract.

B. Hydrant Flow Tests

For all work and labor performed and all materials furnished by the Company for hydrant flow tests, a fee in accordance with that set forth under Service Classification No. 8 (Miscellaneous Service-Hydrant Flow Tests) of this Tariff will be charged to the Customer or party requiring such service.

C. Hydrant Use Permits

A hydrant use permit must be obtained by customers or applicants seeking to use Company-owned public fire hydrants as a temporary source of water. A deposit and re-stocking fee in accordance with that set forth under Service Classification No. 8 (Miscellaneous Service-Hydrant Use Permits) of this Tariff will be charged to the Applicant for water that will be used through each authorized hydrant connection which shall be provided by the Company. The deposit is payable at the time the permit is issued. Hydrant use permits will be issued beginning on March 15 and expire at the close of business on December 1 of the same year. The Company shall have the right to deny the issuing of a hydrant use permit where it determines that the Applicant's use of the hydrant will have detrimental effect on the Company's water quality.
