### POWER ADJUSTMENT CHARGE (PAC)

#### APPLICABILITY

All customers receiving service under any of the Municipal Commission of Boonville's Service Classifications are subject to the power adjustment charge (PAC).

#### ADJUSTMENT CHARGE

The PAC shall be added to each kilowatt-hour of each rate schedule to reflect and recover charges related to the Weather Normalization Adjustment and the Purchase Power Adjustment. The PAC is defined as the sum of the applicable Weather Normalization Adjustment and the Purchase Power Adjustment.

The number of months over which the amount due from customers or the amount due to customers that result from the annual reconciliation provisions of the Purchase Power Adjustment and the Weather Normalization Adjustment can be limited so as to minimize the impact on customer's bills. Any Surcharge or Refund to be recovered due to the Annual Reconciliations will be included will depend on the size of the any one month, be it a Surcharge or Refund, could be capped. If the Surcharge/Refund is under \$5,000 it will be included in one month. If the Surcharges/Refunds is \$5,000 and \$10,000 it will be split between two months and any Surcharges/Refunds over \$10,000 will be charged tor credited to customers in \$5,000/month increments until complete in order to minimize the impact on rate payers.
