## **1 Unbundled Network Elements (UNE) (Cont'd)**

### **1.2 Regulations (Cont'd)**

- g. It is The Customer's responsibility to provide in a manner satisfactory to the Company and without cost to the Company, a means of entrance for the fiber optic into the building; space for mounting the necessary terminals and equipment; power necessary for the terminals and equipment.
- h. Suspension of Service at customer's request is not available with Unbundled Network Elements.

### **1.3 Local Loops**

#### **1.3.1 Links**

Links provide transmission facilities between the distribution frame, or its equivalent, in The Company's Serving Central Office and the network interface device at the end user's premises. Links are provisioned with The Company provided network interface device. Links are defined as Urban or Rest of Territory. Urban is defined as a link less than 10,000 feet and originates from a Central Office with a density of 1,500 links per square mile. Rest of Territory comprises all the rest of the links in the network.

#### **1.3.2 Regulations**

- a. The Company will, upon a Customer's request and at an additional charge, provide information pertaining to the technical parameters of the facility.
- b. The Company reserves the right to terminate the Customer's link if it creates interference or impairment with other The Company's facilities or services. The Company will work cooperatively with the Customer to determine the cause of interference or impairment before terminating the Customer's link.
