1.3.2 Regulations (Cont'd)

- c. Partial Engineering Record Look-Up Charges applies to any loop which is prequalified using the manual process. It applies on a nonrecurring basis. Loop information provided for this charge includes presence of bridge taps and presence of Digital Loop carrier.
- d. Removal of Bridged Tap Charges are nonrecurring charges that apply when the Company removes bridged taps at the request of the Customer. There is an Initial Charge for removal of the first bridged tap. The Additional Bridged Tap Charge applies for each bridged tap removed after the first.
- e. Full Engineering Record Look-up Charge applies when a Customer requests additional loop makeup information from The Company's records in addition to that supplied by the Partial Engineering Look-up. Information such as the amount and location of bridged taps, number and location of load coils, location of DLC, or cable gauge at specific locations, from The Company's cable records may be requested.
- f. Removal of load coil charges are nonrecurring charges that apply when The Company removes load coils at the request of the Customer. There is an Initial charge for removal of the first load coil. The Additional Load coil charge applies for each load coil removed after the first.
- g. The termination of a Customer's link for non-payment or for a cause other than non-payment will result in the termination of the link. The Company will notify the Customer prior to the termination date.
