

PSC NY No. 10--COMMUNICATIONS

Verizon New York Inc.

Section 5
Original Page 1.11.9NETWORK ELEMENTS5. Unbundled Network Elements (Cont'd)5.1 Access to Network Elements (Cont'd)5.1.1.1 Certain Withdrawn Network Elements (Cont'd)(I) Implementation of the 2020 UNE/Resale Order(1) General

- a. This paragraph 5.1.1.1(I) implements the actions taken by the FCC in WC Docket No. 19-308, Modernizing Unbundling and Resale Requirements in an Era of Next-Generation Networks and Services, Report and Order (rel. October 28, 2020) (the "Report and Order"), related to unbundled access to network elements.
- b. For purposes of this paragraph 5.1.1.1(I), "Effective Date" means the date on which the Report and Order takes effect. Verizon will specify the Effective Date by an amendment to this subparagraph filed on ten days' notice.
- c. Nothing in this paragraph 5.1.1.1(I) is intended to expand the availability of any unbundled network element, or to make such elements available if they would not be available but for this paragraph. For the avoidance of any doubt, other paragraphs of this Tariff have previously discontinued the availability of certain unbundled network elements that are referenced in this paragraph, or limited their availability based on certain criteria, and nothing in this paragraph is intended to alter any such discontinuations or limitations. (N)
- d. The definitions of various discontinued unbundled network elements in this paragraph 5.1.1.1(I) are intended to apply to all network elements described by those definitions, regardless of the names used to refer to them in other sections of this Tariff. By way of example and not limitation, the term "UNE Loop" includes network elements referred to as "links" in certain portions of this Tariff.

(2) UNE Loops

- a. For purposes of this subparagraph 5.1.1.1(I)(2):
 - i. "UNE Loop" means a loop, as the term is defined in 47 CFR § 51.319(a), that is provided as an unbundled network element: (a) whether provided or utilized as a stand-alone UNE, in combination with other UNEs, or commingled with non-UNE services or other arrangements; and (b) whether originally ordered as a UNE or created through the conversion of private line or special access circuits or other services or arrangements.
