REVISION: 4
SUPERSEDING REVISION: 3

GENERAL INFORMATION

52. ELECTRIC VEHICLE MAKE-READY SURCHARGE

52.2 Recovery of Costs

52.2.1 EV Make-Ready Costs will be recovered from customers annually on a two-month lag basis following the annual period when the program costs are incurred by the Company. The annual EV Make Ready Costs will be allocated by service classification in proportion to each service classification's transmission and distribution revenue.

52.2.2 The EVMR Surcharge will be applicable to all delivery customers in SC1, SC1C, SC2ND, SC2D, SC3, SC3A, SC4, SC7 and SC12 (in accordance with their individual contracts), all NYPA deliveries (including ReCharge NY Load), and to all service classifications of P.S.C. No. 214 – Electricity. The EVMR Surcharge is not applicable to Empire Zone and Excelsior Jobs Program qualifying load.

52.2.3 An annual reconciliation will be performed for the EVMR Surcharge at the end of each program year. Any over/under collections as a result of this reconciliation will be reflected in the following EVMR Surcharge on a two-month lag basis after the annual reconciliation.

52.2.4 The EVMR Surcharge will be determined by dividing the applicable EV Make-Ready Costs by the forecasted billed kWh or kW demand, as applicable, over the collection period. The EVMR surcharge will be included in the delivery line item on customers' bills, on a per kWh basis for non-demand billed customers and on a per kW basis for demand billed customers.

52.2.5 The EMVR Surcharge will be filed with the Commission in a rate statement not less than fifteen (15) days prior to the effective date.
