GENERAL INFORMATION

28. TRANSPORTATION AND AGGREGATION OPTIONS: (continued)

- 28.2 Existing customers receiving service under Service Classification No. 2 with an annual use of 35,000 therms or less (based on actual twelve-month historic data), who wish to participate in a transportation program must participate in Monthly Balancing as per the terms of Service Classification No. 11.
- 28.3 Existing customers receiving service under Service Classification No. 2 with annual use greater than 35,000 and less than 50,000 therms (based on actual twelve-month historic data), who wish to participate in a transportation program, may join in Monthly Balancing or become a direct customer as per the term of Service Classification No. 11.
- 28.4 Existing customers receiving sales and transportation service under Service Classification No. 7 will have the option of electing to participate in a balancing pool or become a direct customer in either Monthly Balancing or Daily Balancing. Existing customers designated as human needs who participate in Daily Balancing must certify 100% dual fuel capability or alternately certify that they maintain, or have continuous access to, five (5) winter months (November – March) of primary firm capacity from a receipt point, acceptable to the Director of Gas Supply, into the Company's east/west city gate, as applicable, sufficient to meet the customers' Maximum Peak Day Quantity. Effective July 1, 2021, existing daily balancing customers will be grandfathered, and all new daily balancing customers will be considered core customers. There is no dual fuel or primary firm capacity requirement for core daily balancing customers.
- 28.5 Existing customers receiving sales and transportation service under Service Classification No. 5 will have the option of electing to participate in a balancing pool or become a direct customer in either Monthly Balancing or Daily Balancing. Existing customers designated as human needs who participate in Daily Balancing must certify 100% dual fuel capability or alternately certify that they maintain or have continuous access to five (5) winter months (November – March) of primary firm capacity from a receipt point, acceptable to the Director of Gas Supply, into the Company's east/west city gate, as applicable, sufficient to meet the customers' Maximum Peak Day Quantity. Effective July 1, 2021, existing daily balancing customers will be grandfathered, and all new daily balancing customers will be considered core customers. There is no dual fuel or primary firm capacity requirement for core daily balancing customers.
- 28.6 Existing customers receiving transportation service under Service Classification No. 6 will have the option of electing to participate in a balancing pool or become a direct customer under Daily Balancing as set forth in Service Classification No. 11.
- 28.7 Existing customers receiving sales and transportation service under Service Classification No. 8 will have the option of participating in a balancing pool or become a direct customer under Daily Balancing as set forth in Service Classification No. 11. Effective July 1, 2021, existing daily balancing customers will be grandfathered, and all new daily balancing customers will be considered core customers.
