SERVICE CLASSIFICATION NO. 5 FIRM GAS SALES AND TRANSPORTATION SERVICE (CONTINUED)

SPECIAL PROVISIONS APPLICABLE TO S.C. NO. 5 FIRM TRANSPORTATION SERVICES:

- 1. Written application upon the Company's prescribed forms is required.
- 2. Applications for service will be accepted in instances where extension or reinforcement of distribution main facilities for service requested would be required subject to Rule 10 of this schedule.
- 3. Customers electing Daily Balancing under Service Classification No. 11 must agree to be a non-core customer and will be required to have an Approved Remote Meter installed and operable as defined in Rule 13.5. Effective July 1, 2021, existing daily balancing customers will be grandfathered, and all new daily balancing customers will be considered core customers.
- 4. Full cooperation is required from customer and customer's gas supplier so that the Company may accurately determine the quantities of customer-owned gas delivered into the Company's distribution system by the customer and those quantities of customer-owned gas actually transported to the customer by the Company.
- 5. When customer-owned gas is delivered directly into the Company's distribution system, the customer shall pay for any investment and expenses incurred by the Company for any metering facilities installed at the point of delivery, odorization of gas and periodic testing of the gas quality.
- 6. Customers electing Daily Balancing under Service Classification No. 11 will be charged a monthly balancing rate per therm calculated in accordance with Rule 17.5 of this tariff multiplied by their Maximum Peak Day Quantity, through December 31, 2000. Commencing January 1, 2001, the Balancing Charge will be charged to the customer's marketer.
- 7. Service rendered hereunder shall be for a single customer at a single location. Individual agreements are required for each location.
- 8. As between the Company and the customer, the Company shall be deemed to be in control and possession of the gas to be transported hereunder upon receipt of such gas at the receipt point and until it has been delivered to the customer. The customer shall be deemed to be in possession and control of the gas prior to such receipt by the Company and after such delivery.
- 9. Each customer under this Service Classification warrants that it will, at the time it delivers gas to the Company for transportation, have good and merchantable title to all such gas free and clear of all liens, encumbrances and claims whatsoever. The customer shall indemnify the Company and save it harmless from all suits, actions, debts, accounts, damages, costs, losses and expenses arising out of the adverse claims of any or all persons to said gas including claims for any royalties, taxes, license fees or charges applicable to such gas or to the delivery of such gas to the Company for transportation.
