LEAF: 14
 REVISION: 6
 SUPERSEDING REVISION: 5

SERVICE CLASSIFICATION NO. 1 (Continued)

B. Closed Facility

A facility offering that is available only to customers having installations with existing applications and which the Company will continue to provide full maintenance and in-kind replacement. Closed facilities are not available to new applicants or for new installations or as a replacement for existing installations utilizing other facilities

C. Obsolete Facility

A facility offering that is no longer available for new applicants, new installations or in-kind replacement and which the Company will not provide continued maintenance service. Customers receiving service utilizing obsolete facilities are to provide the Company an authorization specifying a replacement plan designating facilities considered standard at the time or identify an alternate resolution consistent with an applicable service classification. Reference, General Information, Section V, Special Provisions, Facility/Equipment Obsolescence for further application definition.

RATE:

The charges presented below are applicable to all customers served by this service classification.

A. Volumetric Charges

1. Volumetric Energy Consumption

The uniform monthly billable energy (kWh) reflects the annual cumulative energy consumed by the individual lamp/light source per luminaire determined by the averaged aggregation of each luminaires' corresponding type and size of lamp/light source billable wattage multiplied by the normal monthly hours of operation divided by 1,000 as identified below in Table 1, Monthly Energy Consumption. Reference General Information, Section V.

2. Billable Wattage

The billable wattages are presented in Table 1, below. Reference General Information, Section V.
