5.6 Intrado Communications, LLC Toll Free Service

5.6.1 Description

Intrado Communications, LLC Toll Free Service is an inbound communications service which permits calls to be completed at the Customer's location without charge to the calling party. Access to the service is gained by dialing a ten (10) digit telephone number (800+XXX-XXXX) which will terminate at the Customer's location. Calls may originate from any location within the State of New York and may terminate at the Customer's location.

Toll Free Service will be billed per call based on the duration of the call. Each call will be billed in 6 second increments with an initial billing period of 6 seconds. Usage discounts apply to aggregate monthly interstate and intrastate usage.

Toll Free Service is offered in two variations depending upon the method the Customer employs to access the Company's network for use of the service.

Switched Toll Free service calls are originated via normal shared use facilities and are terminated via the Customer's local exchange service access line.

Dedicated Toll Free service calls are originated via normal shared use facilities and are terminated via dedicated access facilities connecting the Customer's premises and the Company's POP. This service is offered to the extent facilities are available and where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

Cancelled effective 03/02/2024.
