SUPERSEDING REVISION: 1

GENERAL INFORMATION - Continued

- (ii) up to 100 feet of service line measured from the centerline of the public right-of-way (or the main if it is closer to the customer and development will be limited to one side of the right-of-way for at least 10 years), service connections and appurtenant facilities, but not less than the length of service line necessary to reach the edge of the public right-of-way; and
- b. the amounts legally imposed by governmental authorities for obtaining required work permits and for repairing or replacing disturbed pavement.

Upon written request from a prospective tenant or lessee, the Company will provide, at no cost, the total electricity charges incurred at the prospective residential rental premises for the life of the premises, or the preceding two-year period, whichever is shorter. Prior to the commencement of the tenancy or execution of a lease, the Company will provide such information to the landlord or lessor and to the prospective tenant, or other authorized person, within ten days of receipt of the written request.

4. Non-Residential Applicant

If an applicant which will be a firm, non dual-fuel customer requests service other than residential service, the Company shall furnish, place and construct all mains, service lines, service connections and appurtenant facilities necessary to render the service requested. The cost and expense which the Company will bear shall include:

- (a) the material and installation costs relating to:
 - (i) up to 100 feet of main and appurtenant facilities; and
 - (ii) any service line, service connections and appurtenant facilities located in the public right-of-way; and
- (b) the amounts legally imposed by governmental authorities for obtaining required work permits and for repairing and replacing disturbed pavement.
